---

**GENERAL INTELLIGENCE**

*Directions (Qs. 1 and 2):* A Statement is given followed by two Conclusions/Assumptions, I and II. You have to consider the statement to be true, even if it seems to be at variance from commonly known facts. You are to decide which of the given conclusions/assumptions can definitely be drawn from the given statement and select your answer.

**1. Statement :**

Students of today are not what they were two generations ago. They have the least interest in studies.

**Conclusions :**

- I. They have become more philosophical now.
- II. The standard of education imparted has gone down.

- (A) Only I follows
- (B) Only II follows
- (C) Both I and II follow
- (D) Neither I nor II follows

**2. Statement :**

Ring me if you want my help.

**Assumptions :**

- I. You have a phone facility.
- II. You need my help.

- (A) Only I follows
- (B) Only II follows
- (C) Both I and II follow
- (D) Neither I nor II follows

3. A Question is given followed by two Statements, I and II. You are to decide which of the given statements can definitely be drawn from the given question. Choose your answer.

**Question :**

Can a democratic system operate without effective opposition ?

**Statements :**

- I. The opposition is indispensable.
- II. A good statesman always learns more from his opponents than from his fervent supporters.

- (A) Only I is sufficient
- (B) Only II is sufficient
- (C) Both I and II are sufficient
- (D) Both I and II are insufficient

4. Three Statements are given followed by four inferences (A), (B), (C) and (D). You have to consider the three statements to be true even if they seem to be at variance from commonly known facts. You have to decide which one of the given inferences can definitely be drawn from the given statements.

**Statements :**

- I. All students are boys.
- II. Some boys are engineers.
- III. Some engineers are computer engineers.

- (A) All boys are computer engineers
